

Project Initialization and Planning Phase

Date	06 June 2026
Team ID	
Project Name	EcoTrack - Personal Carbon AI Footprint Tracker
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they

- Problem Statement 1: High Carbon Footprint Visibility Gap**
 - Description: Individuals lack visibility into daily CO2 emissions across commuting, diet, and utility energy.
 - Target Metric: Enable 100% real-time tracking across 4 main emission categories.
- Problem Statement 2: Generic Non-Actionable Environmental Advice**
 - Description: Existing tools provide static advice that lacks personalized context or measurable offset metrics.
 - Target Metric: Generate instant, targeted Groq LLaMA 3.3 AI swaps with estimated CO2 savings.
- Problem Statement 3: Low Long-Term User Retention & Engagement**
 - Description: Absence of visual streaks and rewards leads to user drop-off in tracking daily sustainability habits.
 - Target Metric: Increase daily habit retention through logging streaks and 10 achievement badges.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A male applicant seeking a loan.	Secure a loan for the property	Married with no co-applicant income.	Self-employed with a good credit history.	Optimistic about loan approval.
